

Help Haiti Now

The recent earthquake in Haiti has left the impoverished country devastated. The number dead or injured is unknown but estimates are exponential. The effects of this disaster are certain to be long-term, with ongoing assistance for months and maybe years to come, needed. United Way Worldwide does not have a presence in Haiti, but has mobilized resources around the area, including Jamaica, Puerto Rico and Miami, to help with immediate and ongoing assistance. We will continue to update you on needs and activities as the people and region deal with this tragedy.

Today, you can help those affected in a number of ways.

- Donate to **United Way Worldwide**. Click [here](#) to provide financial assistance for disaster victims across the world.
- Take advantage of nonprofits with local roots, many of whom are on the ground now. Visit these sites for more information on how you can help:
